EDUCATION & RESEARCH

Care of the Person with Rheumatic Musculoskeletal Disease Course

This course is open to all registered general nurses throughout Ireland

ABOUT

This CPD blended learning module is designed to introduce nurses to the principles of care and management of people with rheumatic musculoskeletal disease (RMD).

The aim of this module is to enable students to develop an understanding of comprehensive healthcare approaches to the care and management of people with a RMD and to be provided with the appropriate knowledge and clinical skills to improve the quality of life for people with a RMD.
